PHI wall charts

The apricot and cherry wall charts have been distributed to growers and packhouses this week. Our thanks to BASF, Bayer and Yara for their fantastic support for this resource. These charts are a useful reference tool and supplement the PHI & MRL information held on the Summerfruit NZ secure portal under Main Menu/Agrichemicals/MRLs & PHIs.

Current season export issues

Just a reminder that all the latest information on export matters has been collected into one place on the portal under Main Menu/Export/Current season export issues.

Time change for SummerGreen meeting in Hawkes Bay

Please note that due to a timing overlap, this meeting has been brought forward to 11.30am on Thursday, 4 October. A BBQ lunch is being kindly provided by Fruited Supplies. [Read more.](#)

Irrigation operator & manager training in Cromwell

Irrigation NZ is hosting an Irrigation operator & manager training workshop in Cromwell, on Tuesday 9 October. The workshop covers good irrigation practice and regulatory requirements, how to operate and manage systems correctly, when to irrigate, and what technology can help you make irrigation decisions. [Read more.](#)
