NZ Market weekly update

The market update is available to read online now. [Read more.](#)

Market data

Export market information for the week ending 13 January 2019 is available online. [Read more.](#)

Most unwanted poster published

Summerfruit's most unwanted pests and diseases feature on a poster recently sent out to help people identify these nasties that lurk beyond New Zealand's borders. [Read more.](#)

Update on OPI

Offshore Pre-shipment Inspection (OPI) will be finishing early this season due to a significant reduction in the amount of product being presented for inspection to the Australian market. The last inspection will now be carried out on 1 February 2019. [Read more.](#)

ICPR for Myanmar

Following notification from Myanmar's National Plant Protection Organisation allowing access to New Zealand fresh cherries at the end of last year, MPI has now updated and published the Importing Countries Phytosanitary Requirements (ICPR) for this market. [Read more.](#)
